

Executive Summary

VitalPoint Technologies, Inc. VPT was established in 2023, by veterans, medical professionals, and advocates from the financial community to develop a proprietary digital health software platform to provide research, solutions and education regarding the use of alternative solutions during a time of significant regulatory reform allowing expanding access to biopharmaceuticals such as Hemp, Cannabis, Ketamine, and Psilocybin.

Mission

Raise the standards of care using our proprietary software platform for our veterans, hospice care and mental health patients with alternative solutions to remedy the epidemic of veteran suicides, opioid addiction and treatment-resistant mental health issues.

Corporate Overview

VitalPoint Technologies' corporate strategy revolves around pioneering biopharmaceutical alternative solutions for mental health, wellness, and the treatment of opioid addiction by:

- 1 Leveraging cutting-edge research and development
- 2 Explore new therapies that address unmet needs
- 3 Enhance availability of unbiased research and education
- 4 Improve access from quality providers of medicine and therapies
- 5 Incorporate alternative medicine with established protocols to provide those afflicted with additional to or alternative options

Our strategy encompasses a commitment to personalized and targeted therapies, reducing the overuse of opioids through safer alternatives, advancing mental health treatments, and raising awareness to foster a supportive environment.

Current Strategy:

Third year deploying CBD to hospice care patients to reduce or eliminate opioid use

Expand platform partnerships

Expanding product trials to establish collaboration with research universities

Test innovative products within the healthcare community including flagship product BloomiClean

Develop research programs around psilocybin and partner with biotech to provide solutions

Partnership Plan:

Seeking partners including:

Research	Labs
Development	Testing
Technology	Evaluation
Education	Verification

Service Providers:

Transfer Agent -	Pacific Stock Transfer
Auditor -	M&K
Investment Banker -	Pending
Bank -	JPM Chase
Securities Counsel -	Dieterich & Associates
