Information provided in VitalPoint Technologies, Inc.'s published communications including but not limited to; press releases, blogs, newsletters and websites that contain forward-looking statements relating to VitalPoint Technologies, Inc. operations that are based on management's current expectations, estimates and projections about the company's current market and industries. Words such as "anticipates," "expects," "intends," "plans," "targets," "projects," "believes," "seeks," "schedules," "estimates," "budgets" and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and are subject to certain risks, uncertainties and other factors, some of which are beyond our control and are difficult to predict. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in such forward-looking statements. The reader should not place undue reliance on these forward-looking statements, which speak only as of the date provided in each specific VitalPoint Technologies, Inc. corporate publication. The Company does not intend to update any of the forward-looking statements after the date of publication to conform these statements to actual results or to changes in its expectations, except as may be required by law. Based upon industry standards, investment in VitalPoint Technologies would be considered highly speculative. Important factors that could cause actual results to differ materially from those in the forward-looking statements are many.

Corporate Overview

About Us

VitalPoint Technologies is a groundbreaking digital health software platform at the forefront of alternative medicine innovation. As significant regulatory reform reshapes the healthcare landscape, VitalPoint enables expanded access to transformative solutions such as Hemp, Cannabis, Ketamine, and Psilocybin, redefining care delivery and empowering providers and patients alike.

Our mission is to elevate the standards of care for veterans, hospice patients, and those battling mental health challenges. Through our proprietary software platform, we deliver innovative alternative solutions to combat the crises of veteran suicides, opioid addiction, and treatment-resistant mental health conditions, pioneering a new era of compassionate and effective care.

- › The CAM market is projected to grow significantly, reaching \$979 billion by 2030 with a CAGR of 24%
- › The mental health segment, including therapies like ketamine and CBD, is growing rapidly due to rising anxiety and depression rates
- › Over 40 hospice care facilities have adopted an alternative for opioids with research supporting scalability
- › Strategic partnership with 30 existing clinics to expand alternative medicine options
- › Platform is fundamentally a Data Play

Portfolio / Strategy

Segments

- **Research**
- **Education**
- **Labs**
- **Verification**
- **Technology**

Strategy

- Developing total services solution
- Establishing product collaborations
- Partnering with university & industry studies to advance research
- Provide research and education to public
- Developing software technology to onboard patients in need & connect them with resources
- Through software, implement accreditation process for providers and connect them with patients in need through proprietary process

Platform is Fundamentally a Data Play

AltMedRx

- AltMedRx a Colorado-based startup software platform set to provide proprietary digital health and personal customized solutions.

Regulation

- Tracking reform across each jurisdiction
- Reporting on changes to regulation
- Helping patients know their options

Access

- Connecting patients and healthcare professionals
- Onboarding medicine providers
- Improving standards and certifications

Why Now?

Alternative Holistic Solutions can help individuals overcome opioid addiction amongst other additions, represents a potentially lucrative opportunity. There is a growing demand for effective treatments for depression, PTSD, opioid addiction, that can help in a number of afflictions. Additionally, many governments and organizations are providing funding to support the development such issues, which can help offset some of the costs associated with developing these alternatives.

Overall, investing in Alternative Holistic Solutions to help individuals overcome multiple issues represents an opportunity to not only generate financial returns but also to make a meaningful impact on public health. By supporting the development of new and effective treatments, partners can help to address many issues, to include the opioid crisis and improve the lives of millions of people who struggle with addiction.

Impact Catalysts

Legalization

Many states have current legislation for psilocybin (Oregon, Rhode Island, New Jersey). Recent legalization has brought a limelight onto the potential benefits of alternative therapies which has also brought much support from public figures such as Aaron Rodgers

Government Funding/Programs

With legalization and decriminalization of multiple alternatives government is allowing programs to be developed and creating an opportunity for funding. Working with the VA provide alternative medicine for a range of medical benefits

University Research

Partnering with universities to study the efficacy of Alternative Holistic Approaches of a range of effects from pain management to mental health. Herban Healing is seeking to establish a program with Stanford University

Provides impact opportunities to make a difference

Healthcare/Hospice

Partnering with healthcare providers such as Hospiced for research and development of Alternative approaches as well as strategic labs
